TAGLINE:

SOOSHI – the freshest way to learn about sushi

DESCRIPTION:

SOOSHI is a new iPhone application all about one of the most delicious foods.

Whether you are new to the whole topic or you are already a fan of sushi:

You will find tons of information about what sushi is, how to prepare sushi and where to find the best sushi place next to you.

It provides the most common sushis and an instruction for each traditional type for preparing delicious sushi by yourself.
